

2017-2018 Competition Teams and Hip Hop Crews

I know everyone is anxious to hear the results of our Competition Team and Hip Hop Crew auditions. Thank you to everyone that auditioned, we were very excited to see you work with our surprise guest teachers and we plan to offer more masterclasses throughout the year, so if you did not make one of the teams or crews, please don't be discouraged!

Continue working hard in your classes, and join us for our upcoming masterclasses and try again next year! We really appreciated having our guest teachers give their input on your dancing, and value their critiques. For dancers presenting solos, we were very impressed with each solo and the high level of choreography we saw. One thing they said about ALL of our dancers is how hard you all work, and we were proud to hear that they saw that in each of you. Well done!

Again, I cannot express how proud I am of all our dancers, and those that also presented solos this weekend. Decisions were based on not only technique but how they expressed themselves as artists while performing, and the passion I saw coming from the hearts of our dancers this weekend was overwhelming. Again, well done and gold stars everyone!
